

NEWS RELEASE: APRIL 2019

Coos County Assessor's Office Appraisers will be conducting on-site inspections throughout the entire county through September. They'll be documenting **new structures added and old structures removed** during the past year in order to maintain an accurate Real Property inventory.

Appraisers will be driving vehicles clearly marked with the Coos County ASSESSOR logo, and wearing a fluorescent yellow/green safety vest with the Coos County Assessor's Office logo on the front and the word "ASSESSOR" on the rear.

In most cases, Appraisers will NOT need to enter the structure, but will annotate changes observable from the street or driveway. In some cases, our staff will need to enter your building to conduct the inspection.

If your property has **new structures added or old structures removed** during the past year and you desire advance notice of our inspection, please call us at (541) 396-7900 or email [appraisers@co.coos.or.us](mailto:appraisers@co.coos.or.us) with your contact information (both phone and email). We'll reply prior to visiting you.

Thank you!

Steve Jansen

Coos County Assessor
