### **PRESS RELEASE**

The City of Coquille has hired Knife River, Inc. to complete a storm drain and paving project on South Third Avenue between Folsom Court and South Adams. While the project is being completed, that stretch of road will be closed to traffic, so residents in the area will need to use an alternate route. We are sorry for the inconvenience. If there are any questions, you can call Kevin Urban, Public Works Director at 541-396-2115 x 209.
